Lions Clubs are a service organization known for their motto “We Serve” and have a long-standing tradition of providing community service.

OUR MISSION: To empower volunteers to serve their communities, meet humanitarian needs, encourage peace and promote international understanding through Lions clubs.

Lion Clubs attract passionate leaders who are driven by their passion to give back to their communities. These leaders are often the ones at the helm driving the engine of success. Every Lions Club has Board Members who oversee the direction set by the club. This includes mission objectives, budgeting, and strategic planning. Lion Club members have a deep belief that what they do and the decisions they make have the power to positively affect people’s lives. They are also committed to using every resource at their disposal to make a difference. Although every chapter has their own philosophy and focus, the overall goal of every Lions Club is to create solutions that will address the most pressing social and economic needs in their community. Aside from the on-the-ground efforts like service projects, educational programs, and fund-raising initiatives, Lions Clubs also provide leadership and enrichment opportunities for their members. Lions Clubs are an organization made of passionate leaders who are relentless in their pursuit of creating opportunities for those in need.

Through pioneering development projects, providing service programs for those in need, Lions Clubs demonstrate the power of innovation, networking, and cooperation.
