

GROOMING AGREEMENT

I understand that my pet(s) needs to be fully vaccinated at the time of my appointment (to include Bordatella / Kennel Cough for dogs). Proof of vaccinations is required before my pet can be groomed and failure to comply will result in the appointment being rescheduled. I understand that I will not hold Karing Kennels liable, if my Pet(s) were to contract any illness during their grooming appointment. Initial: _____

I understand that if I do not provide up to date shot records 3 days before my appointment that it will be cancelled. Initial: _____

I understand if my pet has fleas or ticks, a mandatory bath/dip will be done and I will be charged accordingly. This will be added to my original grooming fee. Initial: _____

The Groomer takes all necessary steps to keep as much hair as possible, however, I understand that if the fur is too matted to be cut or brushed that my pet will have to be shaved close in that area, possibly the whole body. I understand this will be at my expense. Initial: _____

The Groomer takes all necessary steps to prevent injury to my pet; however I understand that there is a possibility my animal may be nicked in the grooming process. Although every step is taken while your pet is being groomed, certain breeds react differently to shampoos and conditioners. Please be aware that your pet may experience a reaction as the grooming process is very thorough. Initial: _____

I also understand that if I am not called regarding the status of my pet(s) by 5:30pm that I need to pick up my pet before the closing time of 6pm. I will be charged an after-hours pick up fee of \$25.00 if I do not pick up my pet by the closing time. Initial: _____

Can we post pictures of your pet on social media such as Facebook and Instagram? YES / NO Initial: _____
